

Supreme[®]
FURNITURE

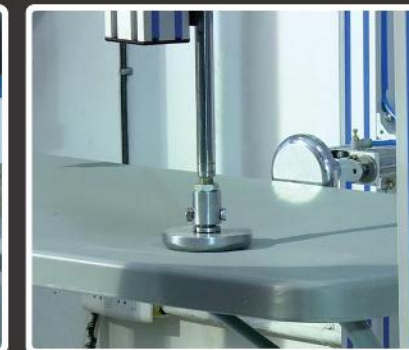

*Let the
party begin*

The blow-moulded furniture manufactured by SUPREME is based on European manufacturing techniques which are time tested. These furniture are manufactured at SUPREME's Kharagpur state-of-the-art plant where every aspect of furniture manufacturing is supervised at the macro level thus making them practically the best. A lot of investment in terms of money, effort, time and technology goes into making these blow-moulding furniture.

These furniture goes through rigorous quality tests like stability test, strength test and horizontal fatigue test. Each furniture goes through cyclic tests of 20000 cycles to certify the strength.

UV protected Quality raw materials. Unmixed virgin polythelene. Shock proof. Bolstered up for heavy loads. Safe for outdoors.

Handles intense loads supported by the thickness of metal.

Joints welded. Meticulous and durable. Powder coated steel. Shock and damp proof.

Bottom layer of the table have high density of the kissing point to give superior strength. Perfectly aligned with top surface flat without any war pages.

Fastening devices are solid and enduring. Polypropylene clip holds the legs in position while folded.

Non-slanted fixers ensure better product stocking.

Strong rivets welded joints, nuts & bolts.

Metal design is optimized to support maximum load, which is equally distributed on the top surface of the table.
